# INTRO

eni i-Ride lubricants range is the result of many years of tradition and experience tested on the field and endorsed from the biggest operators in motorcycle world. Formulations are designed and tested in eni's Research and Technology department in order to provide a high performance lubricant line for motorbikes and scooters.

Capable of guaranteeing the best protection for the engine, and thanks to its exceptional performance eni i-Ride is a reliable solution for any type of bike.

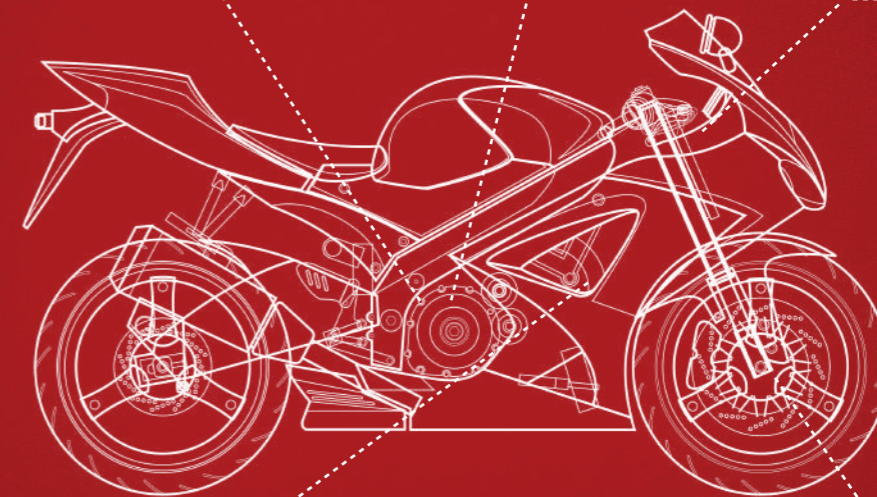

The effort and expertise of our researchers lead eni to reach a high level of excellence, innovative formulations of eni i-Ride lubricants guarantee an excellent reliability, ideal even for the most demanding motorcycles riders.

In order to meet the highest quality and performance standards (API, JASO), all our products are subjected to severe engine testing.

## MOTOR OILS

Eni i-Ride is a complete range of special highly technological products that guarantee an excellent reliability, ideal even for the most demanding motorcycle riders. All our products undergo severe engine testing in order to respond to the highest quality and performance standards (API, JASO).

### Moto 4T Series Fully Synthetic

i-Ride Moto 4T Tec 10W-40 API SN; JASO MA, MA2

### Touring 4T Series Synthetic Technology

\*i-Ride Moto Street & Touring 10W-40 API SL; JASO MA, MA2

i-Ride Touring 4T 10W-40 API SN; JASO MA, MA2

i-Ride Touring 4T 15W-50 API SN; JASO MA, MA2

### Super Series Mineral

\*i-Ride Moto Street & Touring 15W-50 API SL; JASO MA, MA2

i-Ride Super 4T 20W-50 API SL; JASO MA, MA2

### Classic Series Mineral

i-Ride Classic 4T SAE 40 API SJ; JASO MA

i-Ride Classic 4T 10W-40 API SJ; JASO MA, MA2

i-Ride Classic 4T 20W-50 API SJ; JASO MA, MA2

\*i-Ride Special Street & Touring 20W-50 API SJ; JASO MA, MA2

### 2T Series Synthetic Technology

i-Ride 2T SML API TC; JASO FC

\*Italian Products

# iRide SCOOTER

Products designed to limit the effects of Stop&Go operation typical of the urban use.

## MOTOR OILS

Motor oils for scooters designed for an extensive urban use and also suitable for extra-urban use.

### Fully Synthetic

i-Ride Scooter MA2	5W-40	API SN; JASO MA, MA2
--------------------	-------	----------------------

### Synthetic Technology

*i-Ride Scooter	10W-40	API SJ; JASO MA, MA2
-----------------	--------	----------------------

### Mineral

i-Ride Scooter MB	10W-40	API SL; JASO MB
-------------------	--------	-----------------

*i-Ride Scooter	15W-50	API SJ; JASO MA, MA2
-----------------	--------	----------------------

\*Italian Products

# iRide RACING

## MOTOR OILS

Lubricants designed to guarantee an excellent reliability and motor protection specially in the extreme conditions of motor sports competitions.

### Fully Synthetic

*i-Ride Racing	5W-40	API SL; JASO MA, MA2
----------------	-------	----------------------

*i-Ride Racing Offroad	10W-50	API SL; JASO MA, MA2
------------------------	--------	----------------------

*i-Ride Racing	10W-60	API SL; JASO MA, MA2
----------------	--------	----------------------

\*Italian Products

# ROTRA

Lubricants designed to satisfy the demands of manual gearboxes. Suitable to be used also for scooters. Its specific composition caters for a high protection of the gearings (in particular for long distances), as well as consistent performance in time.

eni Rotra Bike Synth 75W-90 GL-4, GL-5

eni Rotra Bike 80W-90 GL-4

# FORK OIL

Lubricants designed for use in motorcycle/scooter forks and suspensions, suitable for both road and OffRoad performance.

Our lubricants are formulated for an exceptional performance in suspensions, allowing:

- Quick release of trapped air.
- Maximum corrosion protection of inner parts.
- Performance stability against temperature changes.

Fork Oil 

Fork Oil 5 W

Fork Oil 7,5 W

Fork Oil 10 W

Fork Oil 15 W

NEW PACKAGING AVAILABLE SOON

# BRAKE FLUID

eni Brake fluid guarantees a prompt and effective braking action.

Anti-corrosion proprieties and chemical compatibility with rubber seals make possible to maintain the braking circuit in perfect and reliable condition.

eni Brake fluid complies with the severe performance standard issued by FMVSS116 DOT adopted by OEMs.

Brake Fluid DOT 4

Boiling point 260°C

# ANTIFREEZE

Antifreeze Extra

ASTM D 3306; CUNA NC 956-16 (ed. '12),  
AFNOR NFR 15-601, JIS K 2234: 2006

Antifreeze Ready

ASTM D 3306; CUNA NC 956-16 (ed. '12)
