

Eni forest 2T

APPLICATIONS

Eni forest 2T is a synthetic technology lubricant suitable for agricultural or gardening equipment fitted with 2-stroke engine (chainsaws, motor mowers, tillers etc.).

CUSTOMER ADVANTAGES

- **Eni forest 2T** minimizes the formation of deposits in regions exposed to high temperatures and in the exhaust clearances. Its characteristics ensure a very low smoke and excellent detergency of the engine components.
- **Eni forest 2T** ensures a good protection against wear and corrosion of all mechanical parts.
- The product is suitable for use in vehicles equipped with separate mixing systems and also for manual mixing.
