

APPLICATIONS

Eni i-Sint Dual Tec 10W-30 is a synthetic technology engine oil designed to lubricate passenger cars and light vans powered with gasoline or diesel engines.

CUSTOMER ADVANTAGES

- **Eni i-Sint Dual Tec 10W-30** has a thermo-oxidative stability which allows the lubrication of the engine in different conditions and offers high protection against wear phenomena.
- The product has outstanding detergent and dispersant properties that minimize formation of deposits on engine components.
- The presence in its formulation of low volatility components reduces oil consumption.
